*To the Inhabitants of the Milton Mills Fire District in the Town of Milton, qualified to vote in District Affairs:*

You are hereby notified to meet in the Fire House in said District on Saturday, March 15, 1951, at eight o'clock in the afternoon, to act on the following subjects:

1. To choose a Moderator for the following year.

2. To choose a Clerk for the following year.

3. To choose a Treasurer for the ensuing year.

4. To choose a Commissioner for the ensuing three years.

5. To see what sum of money the District will vote to pay the Chief, the Assistant Chief, the First and Second Engineer, and the Firemen, in addition to the amount allowed by law, and the hourly rate to pay the aforementioned men while fighting fire in the Dis-

trict, in the Town, and in the surrounding towns, and to pass any other vote or votes relative thereto.

6. To see if the District will vote to raise and appropriate, if necessary, a sum of money not to exceed $1,000.00 to provide for additional fire protection or unforseeable expenses, and to authorize the Commissioners to borrow the same on notes of the District, and to pass any other vote or votes relative thereto.

7. To see if the District will vote to raise and appropriate a sum of money not to exceed $1,641.00 to pay the estimated operating expenses and the payment on the note of the District, and to pass any other vote or votes relative thereto.

8. To see if the District will vote to authorize the Commissioners to borrow on notes of the District, if necessary, in anticipation of 1952 taxes.

9. To see if the District will vote to raise and appropriate a sum not to exceed $100.00 for the purchase of one and one-half inch hose and to pass any other vote or votes relative thereto.

10. To transact any other business that may legally come before the meeting.

Given under our hand and seal at Milton Mills this 20th day of February, 1952.

# Report of the Commissioners of the Milton Water District

Your Commissioners submit the following report for the year 1951.

It has been a normal year with little other than the regular routine of plant maintenance and supplying plenty of water of a good quality to the District. There have been no freezeups or breaks in the system other than of a minor nature.

Prospects for 1952 are not so good owing to construction and relocation of Route 16 through the District by the New Hampshire Public Works Department. Large sections of water mains will have to be lowered or raised and in some cases new mains will have to be purchased, and temporarily laid between the tank and pumping station in order to maintain an adequate supply of water while the old mains are removed and the road is blasted down to its new level. Many hydrants require relocation as well as house services, shutoff boxes, etc. The cost of this work has been estimated by Ames Construction Co. as around $12,000.00. It is our hope to find a way to do this work at a somewhat lower figure and will take it up with the contractor when he arrives on the job. A special meeting was called December 22, 1951, at the Grange Hall to consider this matter, and authorization was given the Commissioners to borrow on notes of the District a sum not to exceed $10,000.00 for same.

It is our belief this cost plus the loss of water services and Precinct tax from buildings being demolished, and the location of the new highway being such, as to give no encouragement or opportunity to new

construction in the future, can result only in greater costs to the District in water rates or Precinct tax or both.

STANLEY C. TANNER,
FRANK E. McINTIRE,
JOHN M. FELLOWS,
Commissioners.

# Report of the Milton Fire Department

The department answered eighteen calls the past year.

4 where buildings were involved
3 automobiles
1 brush fire
10 chimney fires
1 call to Union
3 calls to Lebanon, Maine

I wish to call to the people's attention that a permit to operate an incinerator is a State law and will be enforced in Milton this year. The permit will be issued only after an inspection of the premises immediately surrounding the incinerator. The permit will be good for only one year. Please cooperate. Your Forest Fire Warden will issue these permits. Herbert Downs is the Town Warden and Damon Pike of Milton Mills a Deputy Warden, will take care of that section of the town.

The Town needs a new resuscitator. We have had a demonstration of an E. & J. and I believe it is one of the best available. The old one is giving quite a lot of trouble and the repairs are costly. I don't believe that this is a piece of equipment where we can trust to luck in its operation, so please give this article in your Town Warrant its just consideration. We don't use a machine of this sort very often, but one call will pay for itself.

I wish to thank all who have helped us this past year in any way and hope to have your help and cooperation in the year ahead.

Respectfully submitted,

HERBERT A. DOWNS,
Chief Engineer.

# Report of the Commissioners of the Milton Mills Fire District

The estimated operating expenses of the District for the year of 1952 are as follows:

| | |
|---|---|
| Salaries of men and officers, | $600 00 |
| Fuel for fire house, | 200 00 |
| Insurance on men, fire and liability insurance on trucks, | 170 00 |
| Supplies, repairs and operating expense, | 325 00 |
| Telephone, | 80 00 |
| Payment on note and interest, | 216 00 |
| Electric bills, | 50 00 |
| | $1,641 00 |

It is with deep regret that we record the passing away on July 30, 1951, of our Treasurer, Mr. Robert Page. Mr. Page served the District well and faithfully for many years, and will be missed by his friends and neighbors. Mr. Chester I. Stevens was appointed by the Commissioners to fill the unexpired term.

E. R. STONE,
WILLIAM J. MADDEN,
REUBEN J. EVANS,
Commissioners.

# Report of the Milton Mills Fire Chief

To the Commissioners and Voters of the Milton Mills Fire District:

The following fires occurred in the district from January 1, 1951, through December, 1951:

3 chimney fires
1 car fire

The district also answered the following fires outside the district:

1 chimney fire in Acton
1 building fire in Union
1 building fire on Route 16
2 brush fires in Middleton
1 stand by at Milton Village

The district has purchased seven hundred feet of two and one-half inch hose which was received on the first of July. This amount now gives the district approximately sixteen hundred feet of two and one-half inch hose.

The district also purchased ten new neoprene raincoats and six lights for the firemen. As yet the men haven't had to use the new coats.

The district has been blessed with a couple of gifts; first, a stretcher from Mrs. Lincoln, a resident of Acton, Maine; Mr. R. Evans loaned us the use of an extension ladder which has been mounted on the tanker.

The roll bed which was kept at the mill is now in the fire station which may be used for emergency uses.

The Hale Portable Pump has recently been overhauled. It had been giving the boys quite a time, but

we believe it is now in A-1 running and operating condition.

We have a supply of "wet water" for fighting brush and hay fires. This is a mixture used with regular water. It breaks down the molecule of water into several, so that it will penetrate into the article burning.

The district wishes to thank everyone for their cooperation in cutting down on fire hazards.

LEON CLOUGH,
Chief.

## SCHOOL WARRANT

*To the Inhabitants of the School district in the town of Milton qualified to vote in district affairs:*

You are hereby notified to meet at the Town House in said district on the 8th day of March, 1952, at 7:30 p. m. o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

9. To see if the district will authorize the School Board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or

hereafter be forthcoming from the Federal Works Agency, or other U. S. Government or State Agencies.

10. To see if the district will provide transportation for children living on the mountain road.

11. To see if the district will raise and appropriate $500.00 for the installation of a fence on the south side of the Milton Grammar School.

12. To see if the school district will vote to adopt a plan for extending to employees of the school district the benefits of title II of the Federal Social Security Act (Old-Age and Survivor's Insurance) as authorized by Chapter 234 of the Laws of 1951, and to raise and appropriate the sum of $95.00 to defray the school district's share of the cost thereof.

13. If the foregoing article is adopted to see if the school district will authorize the School Board to execute on behalf of the school district the necessary agreement with the State of New Hampshire to carry into effect the plan and to see if the school district will designate the school district treasurer as the officer to be responsible for the administration of the plan.

14. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

15. To transact any other business which may legally come before this meeting.

Given under our hands at said Milton this 21st day of February, 1952.

# ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

*To the Milton School Board, the Trustees of the Nute High School and the Citizens of Milton:*

It is again a pleasure for me to report on the administration of your schools for the second time.

There has been only one change in the elementary teaching staff with Thomas Chesley of Farmington replacing Mildred Hayes who resigned to accept a teaching position in Hanover, N. H. Mr. Chesley is a University of New Hampshire graduate with two years of junior high school experience in Fremont, N. H., and is now teaching grade 8 in Nute.

At Nute High School Leonard Littlefield, teaching Trades and Industries, and Donna Tuite, teaching Home Economics, resigned. Mr. Wendell Nickerson of Rochester and Margaret White of Dover were elected to fill these positions. Mr. Nickerson is a graduate of Keene Teachers College and is now doing an excellent job in the Nute shop. Miss White is a graduate of Mt. St. Mary with graduate work at the University of New Hampshire. She also has had three years of successful experience in Nashua.

We also have the services of John Whalen who teaches music in Milton two days a week. It is hoped that a band or orchestra will be developed by the end of the year. Mr. Whalen is a graduate of Boston University with practice teaching at Somerville, Mass.

Milton is fortunate to have such a fine group of teachers who give unselfishly of their time for the betterment of your youth. During National Education Week the work exhibited by the schools was out-

standing. It would be nice if parents could give this support and attention over a month.

The school committee has completed the following repairs: Milton Mills, new ceilings, 7 new desks and chairs, complete inside painting, lighting improved and complete outside painting. Milton Grammar, complete painting in Miss McGregor's room, repair of roof, new lavatory and sink in teacher's room, shelves for lunch room storage and plumbing repairs in boys' toilets.

Albert Moody, janitor in the grammar school, has also completed many minor repairs saving considerable money. Al is doing an exceptional job.

This report will be followed by a summary of statistics, reports of the principals, nurse, doctor and music teacher.

If the schools are to be "the people's school" in the truest sense, it is essential that the people share in the basic decisions which affect them. Your constructive criticism is welcome at all times and I pledge myself to do the utmost in cooperation.

In closing, I wish to thank the school board, teachers and citizens of Milton who have helped to make the past year so pleasant.

Respectfully submitted,

ARTHUR W. DANIELSON,
Superintendent of Schools.

*Instruction:* Some changes have been made in an attempt to offer better service. Last spring after talking with the teachers affected it was decided to discontinue Remedial Reading as a service with a special teacher. Grades 1 and 2 are now separate to enable those teachers to devote all of their time to various levels found within those grades to build as good a foundation in reading for each child as is possible with the hope of eliminating future reading problems due to the lack of basic reading fundamentals. Another accomplishment was the removal of the "split-grade" system in all but one grade. This tends to make the pupil load heavy in one room but from our experience thus far this year, the children seem happier and much more contented when the entire grade-group is kept together.

This year we have been fortunate to be able to send the girls and boys of Grade 7 to Nute High School for two periods a week for instruction in Shop and Home Economics.

Mr. John Whalen, Music Supervisor, has been added to our staff. In addition to vocal music, he has been instructing in instrumental music. An excellent opportunity is offered to those who wish instruction. It is regrettable that so few are interested. At present, nine boys are studying the following instruments:

| | |
|---|---|
| Bass Viol, | 1 |
| Snare Drum, | 1 |
| Trumpet or Cornet, | 4 |
| Trombone, | 2 |
| Saxophone, | 1 |

The assignment of teachers is as follows:

Mrs. Julin
- Grade 1
- Menu Planning and buying for the Lunch Program

Mrs. Amadon
- Grade 2

Miss McGregor
- Grade 3
- Part of Grade 4

Mrs. Foster
- Part of Grade 4
- Grade 5

Mrs. Chase
- Grade 6
- Grade 7

Mr. Amadon
- Arithmetic, Grade 7
- Arithmetic, Grade 6
- Arithmetic, Grade 4, (Mrs. Foster's room)
- Reading, Grade 4, (One group from Miss McGregor's room)
- Administration and Supervision

*Other Services:* Mrs. Poland continues her daily visits checking the various children at the request of the teachers or principal.

Mrs. Amy Stowe and Mrs. Emma Avery continue as cook and assistant. Both have worked more than the required time preparing special holiday meals and canning applesauce.

Approximately twenty-five classroom films have been scheduled for showing. These films are to supplement various units of work taught.

Our supervision practices continue.

Recess periods and noon hours are set up in three sections and staggered to prevent the number on our playground and in our lunch room from becoming too large.

*Personnel:* Following is a list of what your teachers have been doing during their spare time to improve themselves professionally:

Mrs. Chase and Mrs. Amadon took the extension course, "Techniques of Counseling," offered by the State University.

Mrs. Julin commuted to Boston University on Saturdays to take "Primary Methods" and "Improvement of Reading."

Mr. Amadon commuted to Boston University on Saturdays to take "Teaching Intermediate Grade Arithmetic."

Mrs. Foster attended the Summer Session at the State University taking "The Teaching of Arithmetic" and "Children's Literature."

Mr. Amadon attended the Summer Session at Keene Teachers College taking "Early Childhood Education" and "Geography of the Far East."

Miss McGregor, Mrs. Poland, Mrs. Julin and Mr. and Mrs. Amadon are commuting to Wolfeboro to take

"Mental Hygiene," a field course offered by Plymouth Teachers College.

All of the teachers and Mrs. Poland have taken the Standard First Aid Course offered by the American Red Cross and have earned their certificates.

In conclusion, I wish to express our appreciation to the Superintendent of Schools, the School Board and the parents for their cooperation in helping us to do our jobs a little bit better.

Respectfully submitted,

CLARENCE P. AMADON,
Principal.

| Teacher | Grades Taught | No. of Pupils |
|---|---|---|
| Miss Martha Hefler | 1-3 | 26 |
| Mr. Leslie E. Lowry | 4-8 | 18 |

*General Activities:* The generosity of the P. T. A., the Milton Mills Grange, and the West Milton Grange has made it possible to serve hot soup to those children who eat their lunch at school. Thanks are also due Mrs. Stowe who has permitted us the use of her hot-plate for the past two years.

Our school program has been enriched by the addition of Mr. John Whalen, a music supervisor, who is with us every Wednesday.

This year, several boys, during our science work, became interested in rocks and their formation. As a result, we spent a profitable day in Boston. In the morning we visited the new Museum of Science and in the afternoon we interviewed Mrs. Dearborn, a leading mineralogist. She invited us to accompany the Mineralogy Club of Boston on its annual spring hunt for specimens in New Hampshire.

The painting of the school and the repairs to the ceilings have greatly improved the general appearance of the building.

This fall, Miss Martha Hefler and the principal attended classes at Boston University.

In conclusion, I express my thanks to Mr. Danielson, the School Board, and Miltonians for their advice and cooperation.

Respectfully submitted,

LESLIE E. LOWRY, JR.,
Principal.

## PRINCIPAL'S REPORT, NUTE HIGH SCHOOL

*To the Superintendent of Schools and Members of the Board of Trustees:*

I hereby submit my third annual report of the Nute High School which opened its sixty-first year September 10, 1951, with an enrollment of one hundred and twenty-three pupils. Transfers and withdrawals to date have left the present enrollment of one hun-

dred and twenty-two divided as follows: Seniors, 27; Juniors, 24; Sophomores, 28; Freshmen, 29; Eighth Grade, 14.

It was most gratifying to welcome back my veteran teachers, Miss Marjorie Goodwin, Miss Bertha Leathers, and Mr. Charles Johnson, and to greet the new teachers, Miss Kathryn White, Mr. Wendell Nickerson, and Mr. Thomas Chesley. This group of experienced teachers have worked with extreme efficiency, cooperation, and harmony which, I feel, has been to Nute's advantage.

The approved program of studies is the same as last year with the following alternates being substituted: Biology for General Science; French 2 for French 1; Fused Geometry for Advanced Algebra and Trigonometry; Consumer Buying for Sociology; Human Behavior for Economics; Physics for Chemistry; The Home for The Family; Office Practice for Stenography and Typing; Bookkeeping for Business Law and Salesmanship.

Each year improvements in our school plant are being made. This year asphalt tile has been laid in the library, laboratory, girls' room, and hallway, thus completing the covering of the entire first floor. The painting of the library plus new shades for the commercial room have helped to brighten a couple of the drab areas in our building.

When school opened in September, we were greeted by a shining and completely renovated building through the diligent efforts of our custodian, Mr. Fred Harriman. Walls, windows, desks, and floors shone.

The Hot Lunch Program is functioning efficiently under the very able and excellent direction of Mr. and Mrs. Fred Harriman. This Lunch Program is possible

through the generosity of the people of Milton. Despite the decrease in the government food allotments and the reduction in the reimbursements, we will be able to complete the year and have left a small amount with which to start next year's program.

The boys were very fortunate at Deerfield this year, winning the baseball championship and tying in the relays, thereby bringing home trophies for each to add to our collection. The girls again played for the volleyball championship at Northwood but were not so lucky, losing in overtime in the final game to Epping.

In basketball, the boys had a very successful season, winning the league championship, the league tournament at Farmington, and being invited to play in the State Tournament at Claremont where the luck ran out and they were eliminated by Walpole in the first game.

The Mathematics and Science Department has made considerable progress this year. New sets of shelves have been built and installed for the storage of equipment. A combination magazine rack and bookcase has been installed where the latest science reading material is displayed for use as reference.

Some students have delved into radio to the extent of buying their own crystal sets, assembling them and setting up aerials. They are able to get local stations on their sets.

Other groups studying transportation have set up an electric train, brought in a steam engine and a model automobile engine to study. In the future it is hoped that model or toy boats and airplanes can be used for demonstrational purposes.

Perhaps the greatest achievement was the organization of a Science Club to further the scientific inter-

ests of all the students, whether enrolled in science classes or not. In this club it will be possible for members to follow their own interests in science.

It was necessary to purchase a new duplicator which is used for office work, for duplication of units by teachers, and the publication of the school paper, "Nute Flash." This paper is a student project which gives opportunity for news reporting and creative writing. We exchange papers with several other schools, and in our exchange column copy the comments which other schools print about our paper and we, in turn, make constructive criticisms of their papers.

There are fifty boys taking shop this year including the seventh grade boys who meet twice a week. The purchase of a number of hand tools plus several new power tools, including a double-end grinder, wood turning lathe and a portable hand sander have increased the interest of the boys taking shop. Extensive repairs have also been made to some of the old machines and now with the exception of the jig saw and the metal cutting lathe, all the machines are in operating condition.

Freshmen and sophomores have been required to take shop mathematics for the first half of the year and the second half will be devoted to mechanical drawing and blue print reading as far as time and equipment will allow. A related material lecture is given one day a week for the entire year.

Along with the individual projects that have been made, the boys have constructed an all steel flagpole which is located on the lawn in front of the school. They have made doors and partitions, repaired and renewed several desk tops, and installed cabinets in the hot lunch kitchen.

The seventh grade girls report twice a week to the high school for instruction in homemaking skills. Both the seventh and eighth grades worked on sewing projects the first half of the year. After learning some of the basic stitches, they made cotton blouses, skirts, and aprons. The latter half of the year will be devoted to food preparation.

The freshman and sophomore classes worked on individual projects, making soups, hot breads, puddings, cakes, pies and meat cookery. They also made apple pies and canned fifty quarts of applesauce to be served for the hot lunch program.

The girls have started many and varied clothing projects, making blouses, skirts, pajamas, housecoats, dresses, and playsuits out of wool, cotton and rayon.

The junior and senior course, "The Home," has included work in Physiology, Interior Decoration and the relation between home and community. They planned, drew to scale, and decorated each room of their home of the future.

All Home Economics girls are working on individual home projects, which upon completion, will be reported to the State Home Economics Department in Concord.

The addition of music to our curriculum has widened the scope of interest for the students. One day a week is devoted to music, the morning for voice and the afternoon for instrumental training. We hope that in the near future we may be able to have a band to play for our school functions.

In an effort to help the child who has difficulty in some phase of English, we have reserved a period a day for special instruction. Emphasis is placed upon reading for better comprehension, upon sentence con-

struction, and upon individual words—their spelling, use, and meaning. For the seniors, who are thinking of a vocation, an experiment was tried whereby two weeks were given the pupils to investigate, plan, and report on the type of work in which they felt they were interested. Five prospective teachers visited, observed, and even did a little practice-teaching at the Milton Grammar School. From the reports, there was every indication that the project was beneficial. As usual, the senior English class made the annual trip to Boston to see a Shakespearian play at the Brattle Theatre in Cambridge. Boston *Globe* photographers took pictures of the pupils talking to the leading actors and actresses back stage. This was very favorable publicity for Nute as well as being a treat for the pupils. A new feature this year was the afternoon spent at Science Park, an extremely interesting and educational experience.

Training for citizenship continues in the activities of the Student Council. One of its projects is the recording of all books in the library by title and author. Representatives from the Student Council, with sponsors, attended the New Hampshire Student Council Association meeting this fall at Goffstown High School, where many valuable ideas were exchanged.

An attempt has been made this year to organize a Dramatics Club for those particularly interested in dramatics, rather than conducting plays on a class basis for money-making purposes. Two one-act plays were, therefore, presented at an assembly program. This enabled many beginners to gain training in speaking before a group. In the spring a production of "Little Women" by the senior class is being planned.

The Bookmobile from the Concord State Library continues to supply us with a new selection of books

periodically. As a supplement to the library, it is a service greatly appreciated.

Each year seems to be better than the previous one and I extend to Mr. Danielson, the Board of Trustees, and to the people of Milton my sincere thanks for their help, kindness and trust.

Respectfully submitted,

WALTER J. FOSTER,
Principal.

## REPORT OF THE SCHOOL NURSE

---

*To the Superintendent of Schools and Citizens of Milton:*

I herewith submit my annual report as school nurse.

The usual routine health services were conducted in the fall. These consisted of weighing, measuring, and checking of teeth. Inspection of hair and skin is made from time to time during the school year.

Vision and hearing tests were given and any noted defects were reported to the parents with a request that their child be examined by their family physician.

An epidemic of whooping cough prevailed throughout the winter months. There were, also, a few cases of chicken pox and measles. Visits were made to many homes and advice given concerning the care of the child while ill.

The health clinic, for pre-school children who were to enter school in September, was conducted in May. Twenty children, accompanied by a parent, were pres-

ent. The children were examined by the school physician, Dr. Lord. He administered vaccine and toxoid to any child whose parents requested it. There were fifteen children vaccinated and five who received toxoid. The vision test was conducted by the school nurse.

This year the pupils in the sixth and seventh grades were given a physical examination by Dr. Lord.

A dental program, sponsored by the Milton Woman's Club, was started this year. Dr. Roger Morrison of Farmington is doing the work, and the children have been transported to his office by the school nurse. This is a much-needed and worthwhile project, and one which I hope will continue for many years to come.

My duties at the high school have consisted in assisting Dr. Lord with the physical examinations of all boys and girls who participate in sports, in administering first aid treatment, and the conducting of vision and hearing tests.

The School Lunch Program, administered very efficiently, has helped tremendously in the promotion of good health among the children of the community.

I wish to thank you, Mr. Danielson, and the teaching staff, for the cooperation and support given me during the past year.

Respectfully submitted,

ESTHER T. POLAND, R. N.
School Nurse.
